Cold outside
White outside

Red cheeks
Hot inside
High fever mummy says

White outside
Warm milk in the cup
Cold outside
Stay in mummy says
I'll stay home she says then

A young child with brown hair and blue eyes is looking out a window. The child is holding a white cup to their mouth with both hands. The window is divided into four panes by white frames. Outside the window, it is snowing heavily, with many white snowflakes visible against a blue sky. The child is wearing a yellow shirt with red and orange polka dots. The overall scene is a classic illustration of a child wanting to go outside on a snowy day.

The window
White outside
Can I go out?
Cold outside
You don't go out with a fever
With a fever you can't

The window
Children outside
Can I go out?

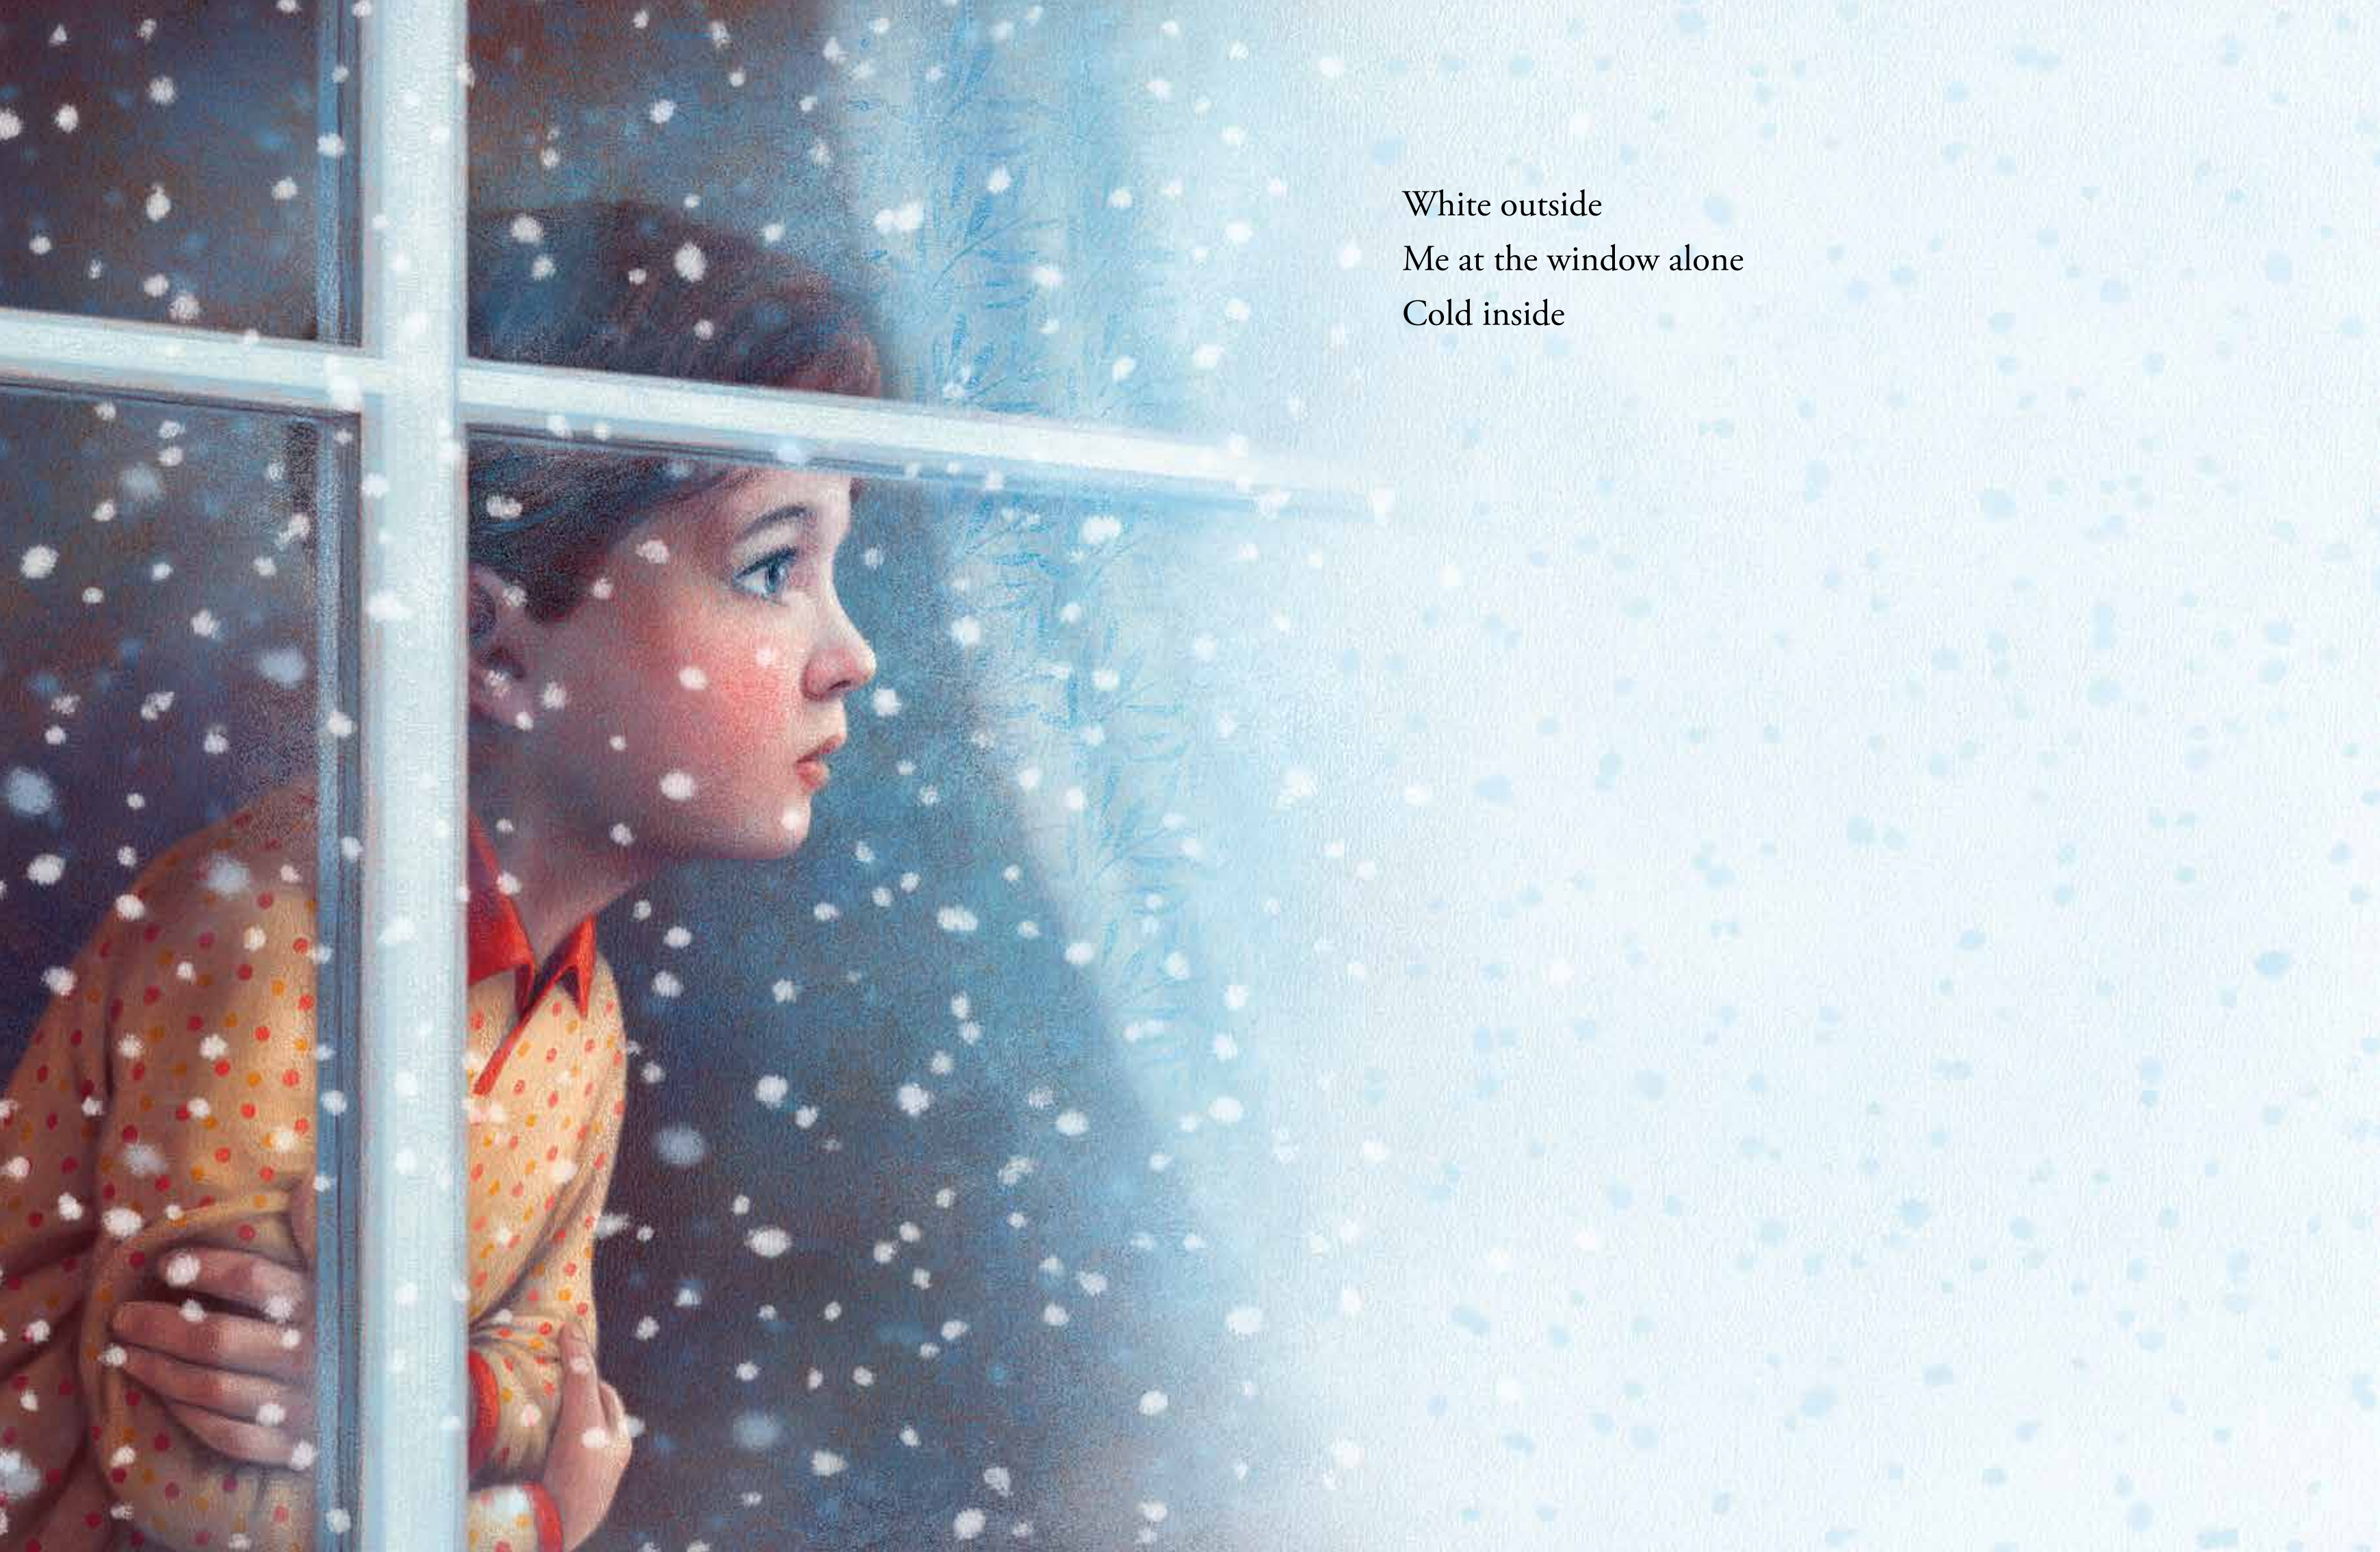

Hot inside
You don't play with snow
With a fever you can't

Mummy's coat
I'll stay home she'd said
Stay in she says now
I'm scared at home alone
Don't worry I'll be back soon

White outside
Me at the window alone
Cold inside

A woman with long dark hair, wearing a brown coat, is walking away from the viewer through a snowy landscape. Snow is falling heavily around her. In the background, there is a house with a window and bare trees. The scene is captured in a cinematic, slightly desaturated style.

Mummy outside with a dish
You don't go out with a fever
With a fever you can't

Snow inside
Dish full
White dish

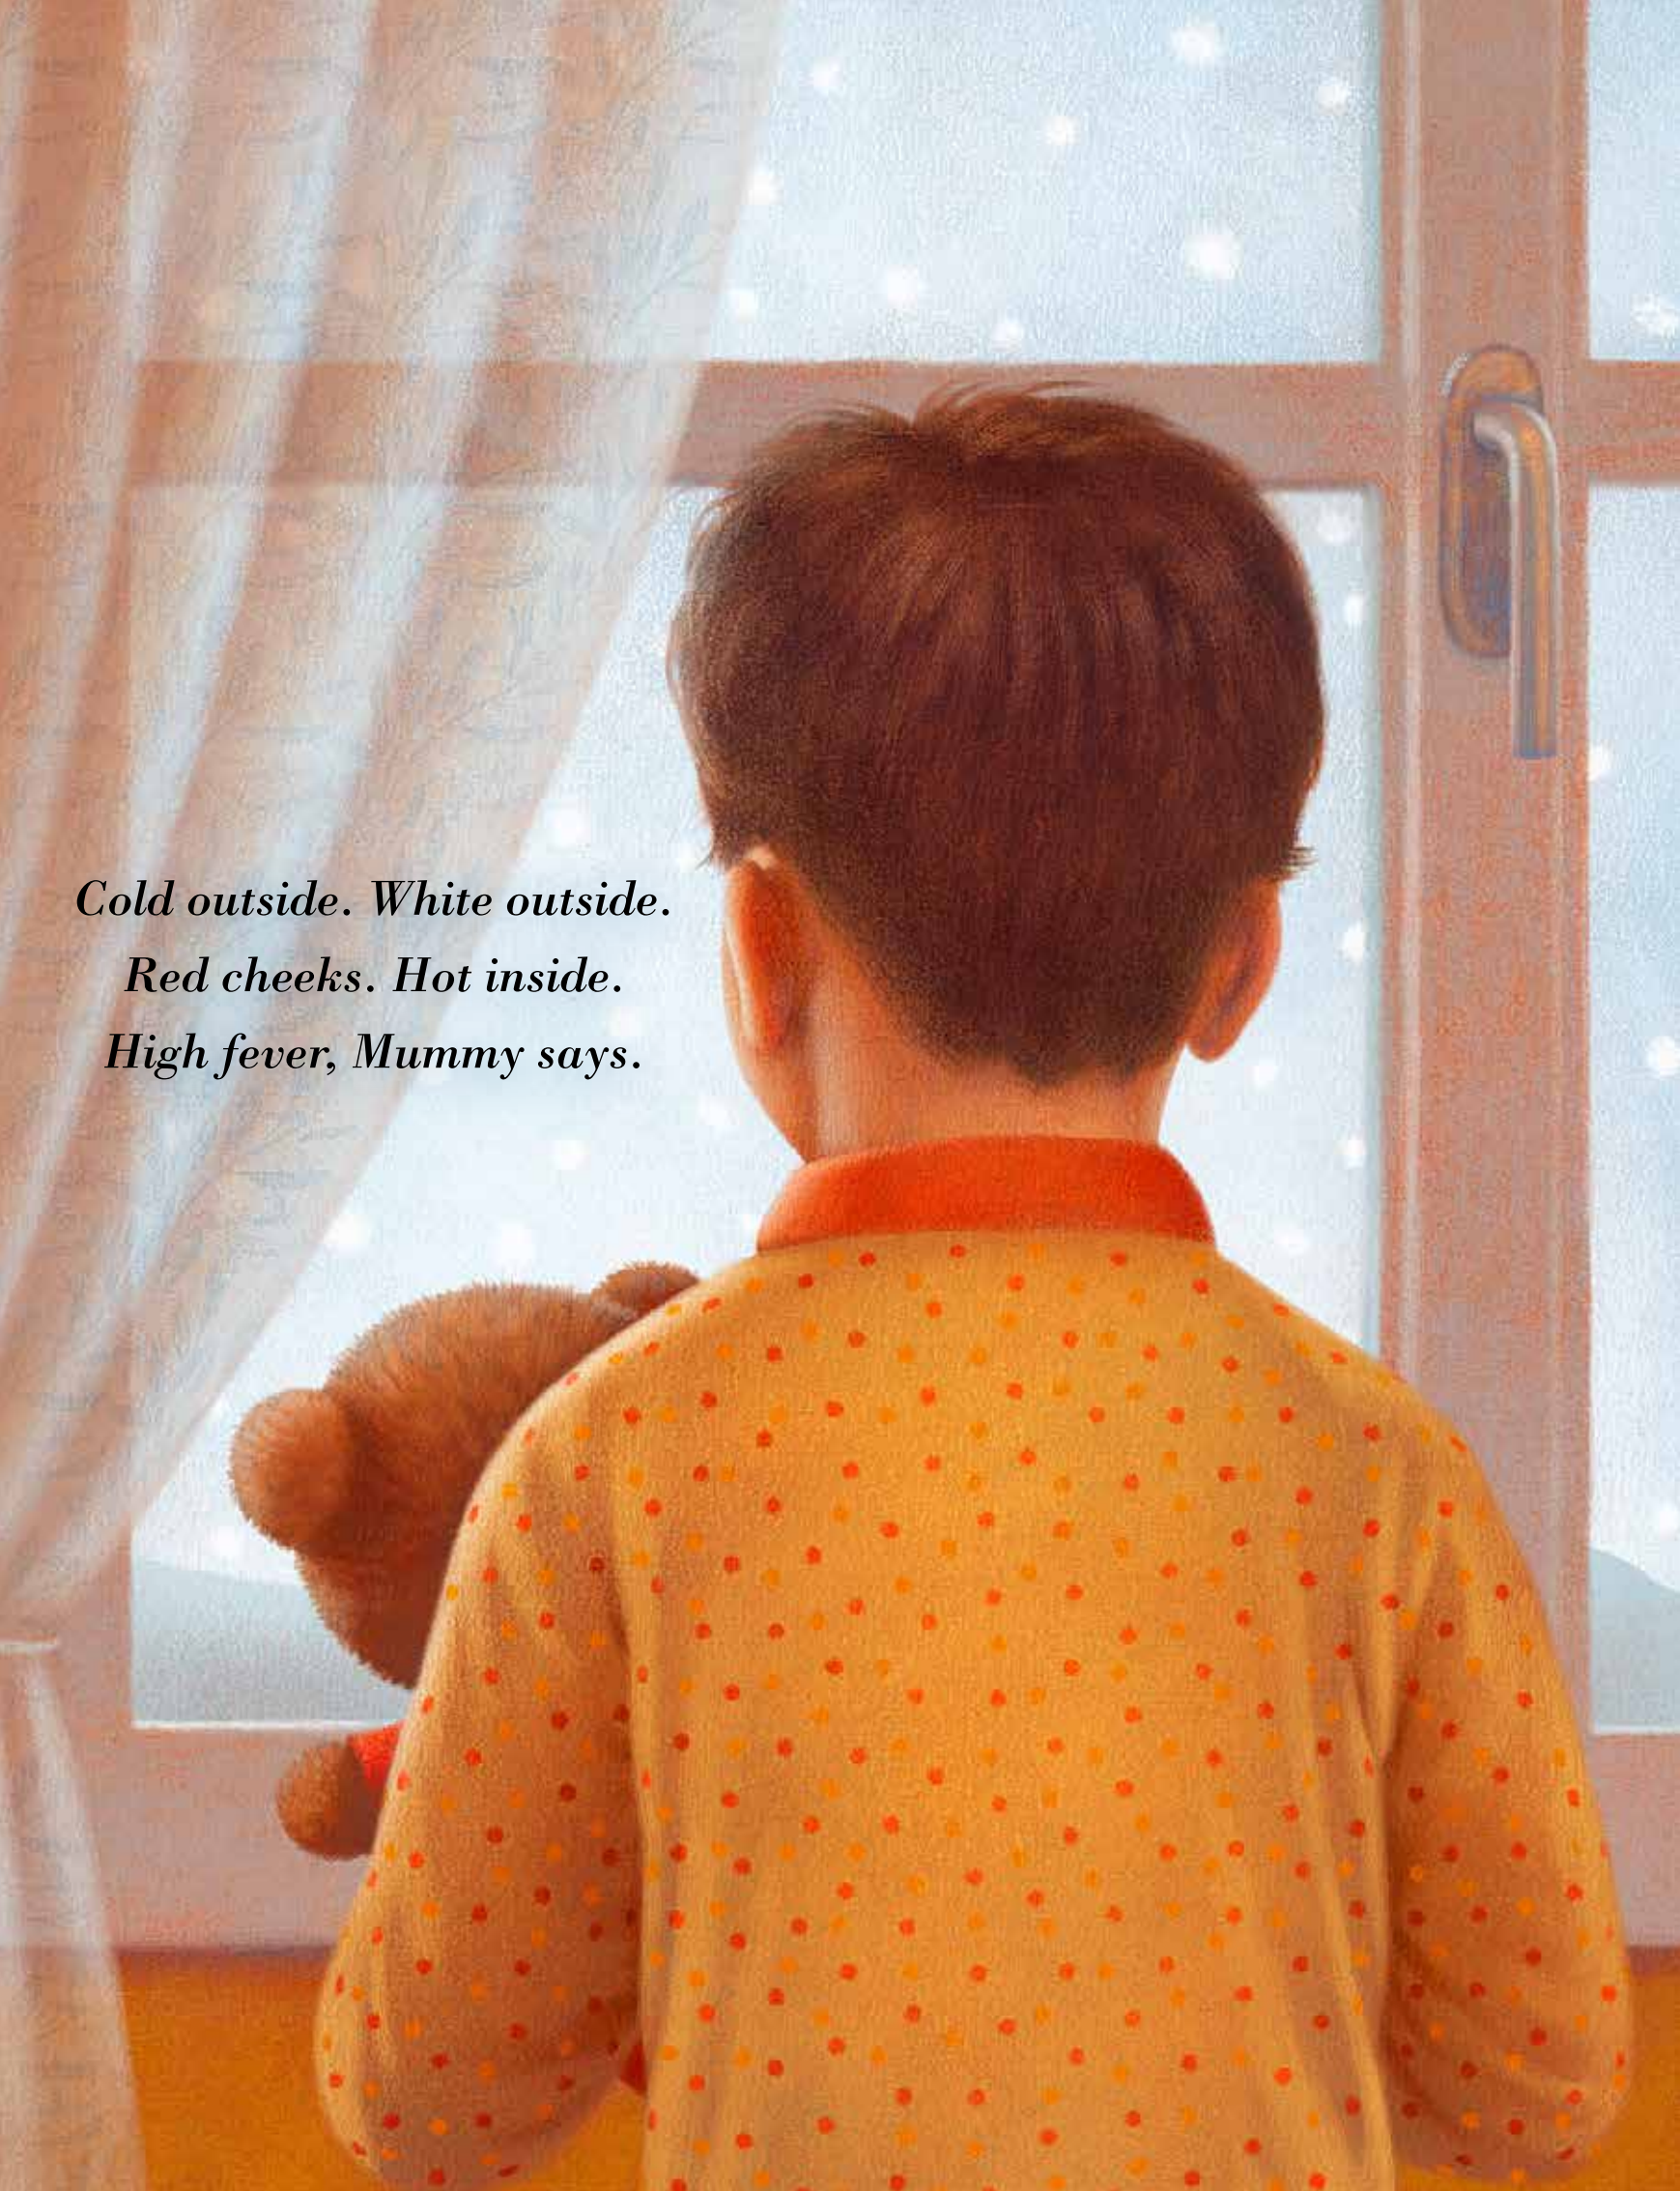

A snowman with my hands
Cold hands
Warm inside

Mummy's in the house and we're together

*Cold outside. White outside.
Red cheeks. Hot inside.
High fever, Mummy says.*
